

NHS SUPPLY CHAIN - MEDLINE PRODUCT LISTING

Medline Scientific was established in 1992 and is a leading global supplier of glass and plastic laboratory consumables perfectly suited to the Clinical Pathology sector. For nearly 25 years we have been supplying partners worldwide with superior quality products, supported with a high level of flexibility and unrivalled customer service.

Medline is excited to now have over 340 new products listed within the NHS Supply Chain catalogue. To enable you to easily identify the Medline products you are looking for, we have produced this handy brochure that includes the NHS Supply Chain reference, description and pack size.
